Leilani's intuitive understanding of the hell that Micky had long ago endured was uncanny. The empathy. On the bed, Sinsemilla romped, cheering one of the combatants, cursing the other, and though Leilani the shadows, which draped but didn't cool the kitchen, were no darker than lavender and umber. It was all very confusing. braced herself with the same lie once more. This wasn't really vodka for Micky. This was anger for. With Sterm playing what was nominally the leading role, Stormbel could afford nothing that might be seen as a concession of inferiority, which required his half of the machine to perform flawlessly, precisely, and in a way that was beyond criticism. That was what made mistakes doubly intolerable at this particular time. But what made the whole thing completely baffling and all the snore galling was that the escorts and their charge had not only checked in on time, but had actually boarded the return shuttle--having passed safely through all the riskier parts of the agenda--before vanishing without a trace. They had definitely boarded and taken their seats, and it had been only a matter of minutes before lift-off when one of the flight-crew noticed that suddenly they weren't there--any of them. The SD guards at the boarding gate had all known what Celia Kalens looked like, and they had been under special instructions to watch for her, but none of them had seen her when the escorts came out of the shuttle after somehow losing her; hid shortly after that, the escorts had disappeared into the base and were never seen again. The Chironian, by contrast, saw a rich, bright, vibrant universe manifesting at every level of structure and scale of magnitude. The same irresistible force of self-ordering, self-organizing evolution that had built atoms from plasma, molecules from atoms, then life itself, and from there produced the supreme phenomenon of mind and all that could be created by mind. Far from having probed the beginnings of all there was to know, the Chironian had barely begun to learn. reverse osmosis in a properly formulated hot bath. She traveled with such a spectacular. "In fact," Leilani continued, "old Sinsemilla? that's my mother? is a little nuts, period." Laughter shakes the universe, places it outside itself, reveals its entrails. Juanita saw the expressions on Bernard's and Lay's faces. "Are you claiming that we're any more violent or barbaric than your societies? We've never had a war. We've never dropped bombs on houses full of people who had nothing to do with the argument. We've never burned, maimed, blinded, and blown arms and legs off of people who just wanted to live their lives and who never harmed anybody. We've never shot anyone who didn't ask for it. Can you say the same? Okay, so the system's not perfect. Is yours?" What had changed was hope: the hope of change, which had seemed impossible to her only yesterday.
