He found nothing especially gratifying, switched off the lights, and moved on to the living room. If Cain was coming home, he could glance up from the street and see lights ablaze here, so Vanadium resorted to a small flashlight, always carefully hooding the lens with one hand..The gray pants of her jogging suit, speckled with rain that had blown in through the shattered windshield, were suddenly soaked. Her water had broken..Angel followed him at two steps, and when she stood beside his chair, watching him open the soft drink, Barty said, "Why were you following me?". Every nerve in Junior's body was a tautly strung trigger wire. If something set him off, he might explode so violently that he'd blow himself into a psychiatric ward..Three times, the singing faded away, but twice, just when he thought that she had finished, she began to croon again. The third time, the silence lasted..Nolly shook his head, setting a cotillion of warts and moles adance on his pendulous cheeks. "Ask any adoptee who, as an adult, has tried to team the names of his real parents. Easier to drag a freight train up a mountain by your teeth..".At the head of the line, Paul waved a red handkerchief out of the window of the station wagon..!ll put you in a twilight sleep, you babbling cretin. Where'd you

earn your medical degree, you nattering nitwit? Botswana? The Kingdom of Tonga? The rain-washed street shimmered greasily under the tires, and the intersection lay halfway up a long hill, so gravity was aligned with fate against them. The driver's side of the Pontiac lifted. Beyond the windshield, the main drag of Bright Beach tilted crazily. The passenger's side slammed against the pavement. Oregon State Police might find at least one reason to be suspicious of the tragic scenario that he was creating. He didn't know much about the technology that police might employ at a crime scene, and he knew even less about forensic pathology. He was just doing the best job he could. Agnes was able to respond, Paul sprang up and moved away. Other friends knelt and crouched and bent to her, and she lost sight of the pharmacist as he moved off through the dispersing crowd. Junior reached the window seat and stared down at her. "I don't believe that's true." "Why? What was he going to get out of it?". To buy as much time as possible while Enoch Cain's assault was still fresh in Celestina's mind, Tom proposed that they remain hidden away for another two weeks, unless the killer was apprehended sooner. "Then if you go to Wally's house from here, you'll want to install the best alarm system you can get, and you should lead a restricted life for quite a while, even hire security if you can afford it. The smartest thing would be to move out of San Francisco as soon as Wally's recovered. He retired young, right? And a painter can paint anywhere. Sell the properties here, start over somewhere else, and make the move in such a way that you can't be easily traced. I can help you work that out." The pendulous bellies of the rain-swollen clouds were no darker than when he had first come to the cemetery, yet they appeared more ominous now than earlier. The two bereaved women huddled at one end of the living room, tearful, touching, talking quietly, wondering together if there was any way that each could help the other to fill this sudden, deep, and terrible hole in their lives. Eventually, when he had gone through the entire directory, if he'd had no success, he would phone each red-checked listing and ask for Bartholomew. A few hundred calls, no doubt. Some would involve long-distance charges, but he could afford the toll. This graciousness didn't free Paul to speak. Instead, he felt his throat thicken, trapping his voice more tightly still. The muscles of his legs grew as hard as any of the landscapes that he trod. Granite thighs; calves like marble, roped with veins. The door was falling shut. With no more sound than the day makes when it turns to night, the detective had gone. They would have given him an antinausea medication. It most likely wasn't going to work quickly enough to save him. In the kitchen again, Junior spread the blanket on the floor, to one side of the blood. He rolled Vanadium onto the blanket, and drew the ends of it together, fashioning a sled with which to drag the detective out of the house. He thought he heard the tick-scrape-rattle-clang of Industrial Woman on the prowl. In the living room. Now the hall. Approaching. What good was she to anybody, what good could she ever hope to be, if she couldn't even save her little sister? By ones and twos, the festive crowd eventually deconstructed, but for Celestina, an excitement lingered in the usual gallery hush that rebuilt in their wake. Maria Elena Gonzalez-no longer a seamstress in a dry-cleaners, but proprietor of Elena's Fashions, a small dress shop one block off the town square-joined Agnes, Barty, Edom, and Jacob on Christmas. After all he'd suffered at Cain's hands, Tom Vanadium surprised himself by laughing at these colorful accounts of the wife killer's misadventures. Indeed, laughter had seemed disrespectful to the memories of Victoria Bressler and Naomi, and Vanadium had been torn between a desire to hear more and a feeling that finding any amusement value in a man like Cain would leave a stain on the soul that no amount of penance could scrub away. When he got no response, he wedged the toe of his right loafer under the guy's chest and, with some effort, rolled him onto his back. Zedd taught in this world where dishonesty is the currency of social acceptance and financial success, you must practice some deceit to get along in life, but you must never lie to yourself, or you are left with no one to trust. This was a good night for television. To Tell the Truth at seven-thirty, followed by I've Got a Secret, The Lucy Show, and The Andy Griffith Show. The new Lucy wasn't quite as good as the old show; Paul and Perri missed Desi Arnaz and William Frawley. If magic explained the jacks on Friday evening, maybe it was the dark variety of magic. Maybe he shouldn't be endeavoring to summon, once more, whatever spirit was responsible for the four knaves. Raising his revolver, Tom squeezed off two shots, but the gun didn't discharge. So runs the water away, away. Paul Damascus had gotten numerous invitations to dinner. No one thought that he should be alone on this difficult night. He squirmed deep under the covers, clamped a plump pillow over his head to muffle the singing, and chanted, "Find the father, kill the son," until at last he fell exhausted into sleep. She also sought forgiveness for the hardness with which she had treated Nicholas Deed. This momentous day. In every ending, new beginnings. But, thank God, no ending here. In his room, he settled on the bed with his constipating snacks and the county telephone book. Because he had packed the directory with the Zedd collection, the thief hadn't gotten it. Sometimes he thought he walked for Perri, using the steps she had stored up and never taken, giving expression to her unfulfilled yearning to travel. At other times, he thought he walked for the solitude that allowed him to remember their life in fine detail-or to forget. To find peace--or seek adventure. To gain understanding through contemplation---or to scrub all thought from his mind. To see the world or to be rid of it. Perhaps he hoped that coyotes would stalk him through a bleak twilight or a mountain lion set upon him on a hungry dawn, or a drunk driver run him down. As Tom Vanadium studied the stained and ravaged wall again, a cold and quivery uneasiness settled insectivally onto his scalp and down the back of his neck, quickly bored into his blood, and nested in his bones. He had the terrible feeling that he was not dealing with a known quantity anymore, not with the twisted man he'd thought he understood, but with a new and even more monstrous Enoch Cain. Carrying the tote bag full of Angel's dolls and coloring books, Wally crossed the sidewalk ahead of Celestina and climbed the front steps. The morning that it happened, Tom Vanadium rose later than usual, shaved, showered, and then used the telephone in Paul's downstairs study to call Max Bellini in San Francisco and to speak, as well, with authorities in both the Oregon State Police and the Spruce Hills Police Department. Footsteps in the hall drew their attention to the open door, where the surgeon appeared in his loose cotton greens. "Wouldn't live in the Caribbean if you paid me," Bill said. "All that humidity. All those bugs." He considered calling her, but he didn't know what he would say if she answered. Around the dinner table, the adults applauded, but the tougher audience squinted at the ceiling, toward which she believed the coin had arced, then at the table, where it ought to have fallen among the water glasses or in her creamed corn. At last she looked at Tom and said, "Not magic." At the end of his fourth month, instead of in his seventh, he said "Mama," and clearly knew what it meant. He repeated it when he wanted to get her attention. In the sermon that brought him a moment of fame that he'd found more uncomfortable than not, Daddy had used the life of Bartholomew to illustrate his point that every day in every life is of the most profound importance. Bartholomew is arguably the most obscure of the twelve disciples. Some would say Lebbaeus is less known, some might even point to Thomas the doubter. But Bartholomew certainly casts a shadow far shorter than those of Peter, Matthew, James, John, and Philip. Daddy's purpose in proclaiming Bartholomew the most obscure of the twelve was then to imagine in vivid detail how that apostle's actions, seemingly of little consequence at the

time, had resonated down through history, through hundreds of millions of lives-and then to assert that the life of each chambermaid listening to this sermon, the life of each car mechanic, each teacher, each truck driver, each waitress, each doctor, each janitor, was as important as the resonant life of Bartholomew, although each dwelt beyond the lamp of fame and labored without the applause of multitudes...scraps of night that have lingered long after dawn dart agitatedly in and out of the tree, from branch to branch..Few people will spend the greater part of their youth in school, struggling to obtain the education required for a medical specialty, unless they have a passion to heal. Franklin Chan was a healer, whose passion was the preservation of vision, and Agnes could see that his anguish, while a pale reflection of hers, was real and deeply felt..He warily surveyed those around him as he walked, and looked over his shoulder from time to time. On one of these backward glances, he was unnerved but not surprised to see Vanadium's specter..The universe was vast and Barty small, yet the boy's immortal soul made him as important as galaxies, as important as anything in Creation. This Agnes believed. She couldn't tolerate life without the conviction that it had meaning and design, though sometimes she felt that she was a sparrow whose fall had gone unnoticed. Barty sat on the edge of the doctor's desk, legs dangling, holding Red Planet, his place marked by an inserted finger.. "Oh, that's me, all right. I'm on the FBI's most-wanted list for criminal pie jostling..".During the course of this momentous day, he had employed Zedd learned techniques to channel his hot anger into a red-hot rage. Now, without any conscious effort on his part, rage grew into molten-white fury.. "The Finder" takes place about three hundred years before the time of the novels, in a dark and troubled time; its story casts light on how some of the customs and institutions of the Archipelago came to be. "The Bones of the Earth" is about the wizards who taught the wizard who first taught Ged, and shows that it takes more than one mage to stop an earthquake. "Darkrose and Diamond" might take place at any time during the last couple of hundred years in Earthsea; after all, a love story can happen at any time, anywhere. "On the High Marsh" is a story from the brief but eventful six years that Ged was Archmage of Earthsea. And the last story, "Dragonfly," which takes place a few years after the end of Tehanu, is the bridge between that book and the next one, The Other Wind (to be published soon). A dragon bridge..not yet acknowledged, when our failing species briefly floats insensate between one desperate swim and another..The second time, armed with the previously calculated fact that each regular year contains 3,153,600 seconds, and that a leap year contains an additional 86,400, she vetted Barty's answer in only four minutes. Thereafter, she accepted his numbers without verification..With every step through the long night walk, Paul had considered what he would say, must say, if this encounter ever took place. Now all his practiced words deserted him..Nevertheless, Junior was thrilled to hear the name Bartholomew, and to know that the boy of whom Celestina spoke was the Bartholomew of Bartholomews, the menacing presence in his unremembered dream, the threat to his fortune and future that must be eliminated..Along the hall, every step measured, he stayed near the wall farthest from the staircase.
